FOR IMMEDIATE RELEASE:

**ORTHOLOGY – INNOVATIVE SOLUTION FOR RAPID RECOVERY FROM
NEW INJURIES, CHRONIC BACK AND BODY PAIN –
OPENS FOURTH MINNEAPOLIS LOCATION IN WOODBURY**

WOODBURY, Minn., December 9, 2014 -- Orthology, a world-class solution for rapid recovery from new injuries, chronic back and body pain, and orthopedic surgeries as well as ongoing 'TuneUps', will open its fourth state-of-the-art facility on December 15, in Woodbury, Minnesota at Tamarack Hills, 707 Bielenberg Drive, Suite 108.

Based on a patent pending, research-based methodology developed by Orthology Chief Clinical Officer, Dr. Josh Sandell, Orthology rapidly resolves injuries, restores function and improves athletic performance.

"We are thrilled to open our fourth Orthology location...our first 'east of the river'," said Dr. Sandell. "With the Woodbury opening, we are able to provide better access for all Minnesotans who want to get better, faster."

Delivered by highly trained collaborative care teams (physical therapists, soft-tissue specialists and chiropractors) and proven on some of the world's greatest professional athletes, Orthology Care focuses on curing the root cause of a patient's pain in order to get people back to living life to the fullest, faster.

"Without Dr. Josh's meticulous care and treatment, I wouldn't have made it past day one on the field, let alone Pro Bowl MVP," said Kyle Rudolph, Minnesota Vikings tight end. "Orthology gives everyone with back and body pain the opportunity to experience first hand the same incredible care I've received and the chance to get back to living a productive lifestyle."

Through a non-invasive methodology, Orthology delivers the best possible experience and results for patients. To book an appointment, call 651-846-1952 or visit orthology.com. Orthology accepts all major insurance plans.

Woodbury is the fourth Minneapolis location and the first east of the river. Additional locations are open in Eden Prairie at 11995 Singletree Lane, Suite 120, West End at 5575 Wayzata Blvd, Suite 900, and Maple Grove at 9325 Upland Lane North, Suite 230.

Get Better. Faster.
